

83TIIB/45 S without cylinder

Seite 1 von 2

LIGHT & SECURE - DEFIES WIND & WEATHER

The 83TI S TITALIUM™ padlock makes security easy and weatherproof. The lock body owes its low weight and high robustness to the special aluminium TITALIUM™.

Whether doors, gates, cupboards in the garden shed or the storage locker on a boat in the harbour, they can all be secured with the 83TI S TITALIUM™. Featuring an anodised TITALIUM™ lock body and a stainless steel shackle, the 83TI S TITALIUM™ offers extreme corrosion resistance, making it the perfect lock for outdoor use - even in severe weather conditions. A weather protection cap shields the cylinder from the weather and salt water. One key - several locks

The padlock is not only adaptable when it comes to the choice of location. The cylinder of the 83TI S can be exchanged and thus matched keyed alike to existing bittings. The shackle can also be quickly exchanged and adapted to the existing conditions.

The 83TI S TITALIUM™ proves that security can be light and flexible.

Technologies

- TITALIUM™ lock body – the special aluminium ensures high security with low weight
- Stainless steel shackle and specially coated lock body for extremely high corrosion resistance
- Double bolted locking mechanism increases the security of the lock
- Patented Z-Bar" for 2 in 1 function: converts key retaining to non-key retaining and vice versa in seconds"
- Rekeyable: the cylinder can be exchanged and thus also adapted to existing bittings
- Cylinder protection cap protects against moisture and dust

83TIIB/45 S without cylinder

Seite 2 von 2

- Shackle can be exchanged within seconds
- SSF014 Class 2 / EN12320 Class 3
- Version "S": lock body accepts standard Scandinavian Snowman cylinders

Use and application

- Protection of items with a higher value and with a high risk of theft
- Suitable for use on grilles, doors, gates, cabinets, toolboxes, cellar windows, sheds, switchgear, barriers, among other things
- Ideal for extreme weather conditions (e.g. in sea and harbour areas, for securing on vehicles and boats/ships in outdoor use)
- Extremely flexible: can be adapted to different requirements in a short time – thanks to its interchangeable cylinder and the possibility to quickly change the shackle

Variants

- Size: 45 mm
- Available in three shackle lengths: 28 mm, 50 mm & 75 mm vertical shackle clearance

Technical data - 83TIIB/45 S without cylinder
